Description
A sizeable agricultural field of 10,889 m² in the countryside of Farmakas, in the Nicosia district. The ground is sloping with an irregular outline, and the field is reached by road. The land is zoned for agriculture, so it suits farming or planting, or a practical addition to an existing rural holding.

The village centre is a short drive away, as are the neighbouring villages of Kampi and Lazanias, and a main road is within driving distance. This is a versatile piece of Farmakas land in an open countryside setting.
