

For Sale, Land, Field, Limassol, Amiantos Pano, 3,225m²

Right beside the Troodos National Forest Park,
this resident...

For Sale : **€ 10,500**

Description
Right beside the Troodos National Forest Park, this residential field for sale in Amiantos brings the green mountain heart of Cyprus to your doorstep. It is a setting of mountain village character, where the forest landscape is a neighbour rather than a day trip.

The land covers a generous 3,225 m² and is zoned for residential use, with direct road access. Its irregular, uneven ground follows the natural lie of the hillside, giving it an honest, landscape-led feel and a place where a home could sit among authentic village surroundings.

Everyday needs stay within easy reach. The village centre, schools, supermarkets, cafés, a pharmacy and medical care are all a short drive away, as are neighbouring Pelendri and Kardamas, while main roads connect Amiantos to the wider Limassol district.

This sale is for a one-fifth share of the field.

Above all, it is the forest next door that sets this land apart: a closer connection to nature, firmly rooted in the authentic side of Cyprus.
