For Sale : **€ 17,000**

Description
Four adjoining agricultural fields in the Pentalia countryside of Paphos come together as one holding of 19,066 m². The ground slopes and the overall shape is irregular, and the agricultural zoning suits farming or planting.

Access is by an unregistered track, not a registered road. The village centre and Nea Pentalia are a short drive away, and the Limassol–Paphos Motorway is within a drive. All four fields are sold together as a single sizeable farming holding.
