Description
In open countryside just outside the village, this agricultural field in Drymou covers 4,683 m² of farmland in Paphos district. The ground is uneven and irregular in shape, and its agricultural zoning makes it suited to farming or planting.

A public pathway runs along one side of the land. The village centre is a short drive away, as are the neighbouring villages of Simou and Giolou. Main roads and petrol stations are within a drive, and the Limassol–Paphos Motorway lies in the wider region.

A generous, versatile piece of farmland in the Paphos countryside.
