Description
A sizeable agricultural field in Giolou offers 7,024 m² of open countryside in the Paphos district, zoned for farming and planting. The ground slopes and the plot has an irregular shape. It is reached by an access road. A power line pylon stands on one part of the field, with high-voltage cables crossing it.

The Giolou village centre is a short drive away, as are the neighbouring villages of Drymou and Simou. Petrol stations and main roads are within a drive, and the Limassol–Paphos Motorway lies in the wider region. This is a versatile piece of agricultural land with generous space to cultivate.
