For Sale : **€ 5,000**

Description
Set on a busy stretch of Neapoli in Limassol, with heavy passing traffic and the sea close by, this ground-floor shop sits right where the city goes about its day. Restaurants and cafés are next door, as are public service offices, so people are already coming and going all around it.

Inside, about 104 m² of ground-floor space is complemented by a mezzanine of around 52 m², giving two levels to work with and real flexibility in how a business arranges its counter, display and back-of-house needs. Supermarkets and other shops line the surroundings, and the main roads are within easy reach, which helps both customers and deliveries.

In a commercial setting, the shop lends itself to a customer-facing business with scope for a fit-out that carries its own brand and character. The sale is a 1/42 share of the property.

A ground-floor presence, two levels of space and a busy Neapoli address with the sea close at hand.
