Description
In the Pentalia community of the Paphos district, two adjoining agricultural fields are offered together as a single holding of 6,021 m². The land is irregular in shape with a sloping surface, and its agricultural zoning suits farming or planting. The land has no direct road access.

Pentalia's village centre is close by, as is the neighbouring village of Agia Marina Kelokedaron. Together, the two fields form one sizeable piece of sloping agricultural ground.
