For Sale : **€ 9,000**

Description
Village life in Tsada starts right on the doorstep, with restaurants, cafés and green parks all within walking distance. This residential field for sale in Tsada, Cyprus, sits in the hills above Paphos, in a setting with a strong local identity and an authentic alternative to resort living.

The land is flat and irregular in shape, which makes it easy to walk and to picture a future home taking shape. It has direct road access, and its residential zoning points clearly to a family house in a welcoming community setting.

Everyday needs are close at hand. Schools, supermarkets, pharmacies and medical centres are a short drive away, as is neighbouring Kallepeia, while main roads keep Paphos town and the wider district within comfortable reach. The motorway and Karavella Station are a little further out, a drive away.

This sale is for a one-seventh share of the land. With level ground, a residential zone and cafés a stroll away, this corner of Tsada offers an appealing balance of location, function and flexibility.
