Description
This agricultural field in Letymvou covers 6021 m² of open countryside, a short drive from the village centre. The land has an irregular shape and uneven ground. It sits in natural surroundings away from dense development, with the neighbouring villages of Pitargou and Kallepeia also close by.

The land is zoned for agriculture and suits farming or planting. Petrol stations are a short drive away, and the Limassol–Paphos Motorway and its junctions are within reach by car. This is a versatile piece of agricultural land in the Paphos countryside.
