For Sale : **€ 4,500**

Description
Village life sets the pace in Kampi, a welcoming community in the Nicosia district, with neighbouring Farmakas only a short drive away. Here, a residential field of 790 m² offers room for a home of your own, among the everyday rhythm of a Cypriot village.

The land has a sloping surface and an irregular shape, ground that suits a design shaped around its natural lie rather than a standard plan. It has direct road access along one boundary. Photovoltaic panels stand within the property.

Beyond the village, the heritage site of Fikardou and the nature spot of Papoutsa are a drive away. Weekends can be spent exploring the history and the green landscape of the area, then coming back to the calm of Kampi.

The sale is for a 1/2 share of the field. It is an unpretentious setting for a home rooted in authentic village life, close to the places that give this part of Nicosia its character.
