Description
This field in Sykopetra offers 3345 m² of open countryside in the hills of Limassol district, set in a landscape-led setting away from dense urban development. The village centre is a short drive away, as is neighbouring Odou, and the Nicosia–Limassol motorway lies within the wider region. The land has an irregular shape and a sloping surface. It is reached by an access road and borders a pathway along one side. Sykopetra keeps its rural character, and the land is an uncomplicated rural purchase in a quiet corner of the district. This is a generous, open piece of hillside land in the Limassol countryside.
