Description
A field of 1,338 m² is on the market in Pachna, Cyprus, set in an open countryside setting away from dense urban development. It is zoned as agricultural land, and its rectangular shape gives a clear, practical layout for planting or cultivation on its sloping ground.

The villages of Pachna, Kissousa and Malia are a short drive away. A petrol station and the Limassol–Paphos Motorway are within driving distance. The field has no direct road access of its own.

This is a versatile piece of farmland in the Pachna countryside.
