Description
An agricultural field in an open countryside setting near Kalo Chorio, covering 5,686 m² of farmland in the Limassol district. The ground slopes and the shape is irregular, and the land is zoned for agricultural use, which makes it suitable for farming or planting. The villages of Zoopigi and Kapileio are a short drive away, as is the village centre, with petrol stations and main roads within a drive. This sale is for a one-quarter share of the field. This is sloping farmland in a rural landscape, away from dense urban development.
