Description
Liopetri sits in the island's established resort area, with the local beaches a short drive away and a national forest park within walking distance. This field lies in a tourist area, giving it a setting that pairs coastal breezes with green, open surroundings.

The land extends to a generous 6960 m², with a rectangular shape and an even surface that make it simple to understand and plan around. It is zoned for tourist use, and the zone allows a range of tourist uses.

Daily needs are well covered. Restaurants, cafés, supermarkets and the village centre are all a short drive away, as are neighbouring Xylofagou and Sotira. Further along the coast, Ayia Napa Marina and the much-loved Makronissos Beach add to the holiday atmosphere year round. Larnaca International Airport is about 25 km away.

With a sizeable, level footprint on touristic land and the beaches and forest so close by, this corner of Liopetri brings together space, sea air and a closer connection to nature.
