For Sale : **€ 115,000**

Description
Authentic Cypriot village life, with the Troodos National Forest Park only a short drive away, sets the scene for this residential field listed in Sinaoros. It is a landscape-led setting, far from dense urban development, where the neighbouring villages of Galata and Kalliana are close at hand.

The land extends to a generous 12,933 m², with a sloping, irregular shape that follows the natural lie of the countryside. It has direct road access, and its residential zoning opens the way to planning a home in a relaxed rural setting with plenty of room around it.

Daily needs are easy to meet. The village centre, restaurants and cafés, petrol stations, public service offices, parks and a sports venue are all a short drive away, as are the main roads. A bus station and a medical centre are within a longer drive. Close by, the painted church of Agios Nikolaos tis Stegis adds a touch of history to the area.

Space, nature and the authentic side of Cyprus come together here, offering a setting where a new home could feel truly rooted in its surroundings.
