

For Sale, Land, Field, Nicosia, Astromeritis, 7,358m²

Authentic Cypriot village life sets the tone for this field...

For Sale : **€ 90,000**

Description
Authentic Cypriot village life sets the tone for this field for sale in Astromeritis, a generous stretch of land within the village's residential area. With 7358 m² to work with, an even surface and a tidy rectangular shape, it offers plenty of space and a sensible, well-proportioned layout.

Everyday life here keeps a slower pace and a close-knit community feel. Schools are within walking distance. The village centre, supermarkets, shops, restaurants and cafés are all a short drive away, as are neighbouring Peristerona and Potami. The wider region and Nicosia's motorway network remain within comfortable reach.

The residential zoning points to a home in a relaxed rural setting, away from dense urban development. One practical point to note is that the field has no direct road access of its own.

What stays with you is the simple combination of space, an even, regular shape and the character of Astromeritis all around. It is an honest piece of village land in a setting with a strong local identity.
