Description
On a cul-de-sac in Kokkinotrimithia, a single-storey detached house sits right beside a green space, with the everyday life of the village around it.

Everything here is on one level, with 98 m² of indoor living and a covered veranda where the morning can begin with coffee in the open air. Built in 1978, the home stands on a flat, rectangular plot with direct road access along its frontage.

Daily routines stay close to home. Schools and shops are near at hand, and the village centre is a short drive away, so the school run and the weekly shop fit easily into the day.

Single-level living in a residential corner of Kokkinotrimithia, ready for its next chapter.
