For Sale : **€ 85,000**

Description
Set among the authentic village surroundings of Astromeritis, this residential field in Cyprus offers a generous plot of 10,034 m² and room to picture a home of your own. The land is regularly shaped, with a sloping surface that gives it natural character, and it can be reached by road. Its residential zoning points clearly to a family home in a setting with a strong local identity. Daily life here is easy to imagine. Restaurants and cafés are within walking distance, while schools, supermarkets, shops and the village centre are a short drive away. Neighbouring Potami is close by, Peristerona is a drive away, and good road links make the wider Nicosia district simple to reach. For anyone drawn to authentic Cypriot village life, Astromeritis offers a slower pace and a close-knit community without losing touch with everyday convenience. This sale is for a two-thirds share of the land. A well-proportioned plot, a welcoming village and space to build a life around both.
