Description
Space is the first thing that stands out about this field for sale in Vyzakia, Cyprus: 6,355 m² of gently sloping residential land, set among village homes and open fields, with authentic Cypriot village life all around.

The residential zoning makes this a setting for a home shaped around your own plans, with ample room for gardens and outdoor living. The land has direct road access, and its gentle slope gives it natural character rather than a flat, featureless outline.

Everyday needs are well covered. The village centre, schools and public service offices are a short drive away, while supermarkets, cafés, restaurants and petrol stations are within easy reach. Main roads nearby lead towards Nicosia in one direction and the Troodos mountains in the other, so both the capital and the hills are part of everyday life here. Neighbouring villages such as Nikitari are close by, and the celebrated church of Panagia tis Asinou is an easy outing.

A generous plot in a village rooted in a strong local identity, Vyzakia offers the space and the setting to build a life at a slower, more personal pace.
