

For Sale, Land, Field, Nicosia, Palaiometocho, 2,000m²

Within the village of Palaiometocho, this residential field...

For Sale : **€ 77,000**

Description
Within the village of Palaiometocho, this residential field offers a chance to plan a home in the everyday life of a Nicosia community. The village centre is a short drive away, and so are the local schools, so daily routines stay close at hand.

The land is flat and regular in shape, a simple outline that makes it easy to picture where a house might sit and how the rest of the 2,000 m² could be shaped around it. Most of the field lies in a residential zone, with room for a home, while a small part is agricultural land. The field has no direct road access.

There is something grounded about a level piece of land in a village setting, where the plans are yours to draw. Here, a future home can take shape at the heart of Palaiometocho, with village life all around it.
