For Sale : **€ 64,000**

Description
Astromeritis keeps the easy rhythm of a Nicosia village, with restaurants and cafés within walking distance and the village centre close by. Here, on land zoned for residential use, a large field offers room for a home within a community that keeps a strong local character of its own.

The land is generous in scale and rectangular in shape, which keeps planning simple. The ground slopes, something to bear in mind when thinking about how a future home might sit on it. The field has direct road access along one side.

Imagine mornings that begin with coffee at a nearby café, a short walk from your own land, and days shaped by village life rather than the pace of the city. Neighbouring Peristerona is also within a short drive, widening the everyday choices around you.

The sale is of a 2/3 share of the field.

A residential setting close to the heart of Astromeritis, with the village's cafés and community life right on its doorstep.
