For Sale : **€ 62,000**

Description
Village cafés, restaurants and the heart of Gourri are all within walking distance of this generous residential field in the Nicosia hills. It is a setting with a strong local identity, where everyday life still moves at village pace. For anyone searching for a field for sale in Cyprus with real character around it, this one deserves a closer look.

The land covers 7693 m². It is enclosed, with an irregular shape and a sloping surface that follows the lie of the land, and a public road runs close by. Its residential zoning points to a home of your own, shaped around the contours of the site.

Beyond Gourri, the traditional villages of Fikardou and Lazanias are a short drive away, as are parks and green spaces. A little further out lie the trails around Kionia peak, the ancient site of Tamassos and the Church of the Transfiguration of the Saviour. Schools, a medical centre and other everyday services can be reached by car.

This is a generous piece of residential land, close enough to the village centre to walk to your morning coffee and set in authentic Cypriot village surroundings.
