For Sale : **€ 200,000**

Description
Set among luxury homes in Agios Georgios, this residential field offers a level, generous stretch of land in one of Latsia's most sought-after neighbourhoods. The surroundings mix fine houses with open parcels, giving the area a settled, well-kept feel with room to breathe.

The land is zoned for residential use, so a family home fits naturally here. Its gently irregular shape adds a little character, and it has direct road access. Some old buildings stand on the land; they hold no value.

Everyday life is uncomplicated. Schools, supermarkets, cafés, parks and a pharmacy are all a short drive away, and the motorway is within walking distance, so the rest of Nicosia and the road to Limassol are always within easy reach. The centre of Latsia and neighbouring Lakatameia are close by too.

This sale is for a half share of the land. What remains is a level field in an established residential setting, close to the city and surrounded by fine homes, with an appealing balance of location, function and flexibility.
