Description
A short stroll from the village centre, this two-storey house for sale in Agios Konstantinos & Elenis, Dali, brings family life and everyday convenience together. Built around 2008 and well maintained, it sits within a settled residential area where daily routines come easily.

Inside, around 185 m² of living space is spread across two floors, giving comfortable room proportions and a welcoming sense of space. Covered verandas carry the home outdoors, a pleasant spot for morning coffee or long summer evenings. The plot is regular and even, with direct road access.

Schools, supermarkets, cafés and restaurants are all a short drive away, as are parks and sports venues. Latsia is close by for wider shopping. Quick links to the Nicosia–Limassol motorway and the orbital motorway make getting around straightforward. The ancient site of Idalion is near enough for a relaxed weekend outing.

Generous rooms, shaded outdoor space and a village centre within walking distance make this Dali home easy to picture as your own.
