Description
Set within Latsia, one of the most convenient suburbs on the edge of Nicosia, this sizeable field in Agios Georgios combines open land with everyday amenities close at hand. Schools, supermarkets, cafés and parks are all a short drive away, and so is neighbouring Lakatameia.

The land covers a generous 10879 m², with a sloping, irregular outline that gives it a natural, unpretentious character. Part of it lies within a residential zone, and it has direct road access, which keeps comings and goings uncomplicated. Medical services, sports venues, public offices and bus links are all within easy reach.

For anyone who values a well-connected address, Agios Georgios offers an established suburb with a neighbourhood feel and quick routes into the capital. The Nicosia–Limassol motorway and its junctions are only a short drive away, putting both cities within comfortable reach. This sale is for a one-third share of the field.

A practical setting, close to the city's daily rhythm, with the motorway almost on the doorstep.
