For Sale : **€ 50,000**

Description
A short drive from the heart of Agia Napa, this residential field offers a generous, level stretch of land in one of Cyprus's best-known resort towns. It sits within residential zoning, the kind of setting where homes belong, with the town centre, the historic Agia Napa Monastery and everyday amenities all within easy reach.

The ground is even, with an irregular outline, giving an uncomplicated canvas in a well-connected part of the district. Schools, supermarkets, cafés, restaurants, medical centres and parks are all a short drive away, as are sports venues and public service offices. The Larnaca to Agia Napa motorway is also close, linking the area with the rest of the island.

The land currently has no direct road access. This sale is for a one-twelfth share of the field.

What stays with you is the location: open residential land on the edge of Agia Napa, close to the town's landmarks and the relaxed rhythm of island life.
