Description
In a quiet corner of Astromeritis, this residential field offers 2007 m² of level ground in a village with a strong local identity. It is a setting shaped by authentic Cypriot village life, where the pace is slower and the community feels close.

The land has an irregular shape and an even surface. Its residential zoning gives you a generous canvas for a home designed around the way you want to live, with room to plan every detail.

Daily life here is uncomplicated. The village primary school is a short walk away. The village centre, supermarkets, shops, cafés, restaurants and public service offices are all a short drive. Neighbouring Peristerona and Potami are close by, and the main roads make trips further afield straightforward, with motorway junctions in the wider region.

A generous residential field, a quiet village setting and the school just down the lane give you an honest foundation for building a life in Astromeritis.
