For Sale : **€ 45,000**

Description
Village life in the Nicosia countryside sets the tone for this field for sale in Astromeritis, a residential plot with schools within walking distance and the heart of the village just a short drive away. It is an honest, uncomplicated piece of land in a setting with a strong local identity.

The ground is level and regular in shape, so the space is easy to picture and easy to plan around. It has direct road access, and its residential zoning points clearly towards a family home. Supermarkets, shops, cafés and public offices are all close by, and neighbouring Peristerona and Potami are within easy reach.

For everyday travel, main roads and the motorway towards Evrychou are a short drive away, connecting Astromeritis with the wider region while the village keeps its slower pace and close-knit feel.

This sale is for a half share of the field. What remains is a flat, accessible residential plot in the authentic side of Cyprus, with the village and its schools right on the doorstep.
