Description
A field for sale in Peristerona, Cyprus, offering 7,358 m² of agricultural land in an open countryside setting within the Nicosia district. The ground is even, which suits cultivation and planting, while the irregular outline gives the field its own natural shape within the surrounding farmland. The village centre of Peristerona is a short drive away, as are the neighbouring villages of Orounta and Potami, local petrol stations and the main roads. The motorway network and its junctions can be reached with a longer drive. This is a level, generous piece of farmland in the Peristerona countryside.
