For Sale : **€ 40,000**

Description
On the edge of Kokkinotrimithia, where the village meets neighbouring Paliometocho, this residential field offers room to picture a family home in a setting with a strong local identity. Schools sit right alongside, so the morning school run could hardly be simpler, and main roads pass close by for an easy start to the day.

The land has a regular shape and an even surface, a practical canvas for planning a home on residential land. It has direct road access, and the motorway junctions are a short drive away, keeping the wider Nicosia district within comfortable reach.

Everyday life is well covered. Supermarkets, shops, cafés, restaurants, medical centres and pharmacies are all a short drive from the plot, as is the village centre. For weekends there are the open landscapes of Gerogiannis and Lefkovounos close by, a welcome closer connection to nature without giving up convenience.

This sale is for a 28/65 share of the field. An honest, well-placed piece of Kokkinotrimithia, where authentic village life and easy daily routines sit side by side.
