Description
This agricultural field in Arediou offers 6689 m² of open countryside, a short drive from the village centre. The ground is sloping and irregular in shape, and the land is zoned for agricultural use, making it suitable for farming or planting. The parcel does not have direct access onto a public road.

The neighbouring villages of Agios Ioannis and Malounta are also a short drive away, with petrol stations nearby. The Nicosia to Deneia motorway and the wider main road network are within a drive. This is a versatile piece of Cypriot farmland with generous space to work.
