Description
In a quiet, purely residential part of Evrychou, this 1,011 m² plot lies within walking distance of the village centre. Temvria and Korakou are a short drive away, and the main roads are easy to reach.

The ground slopes and the outline is irregular. Although the land is zoned agricultural, it may be used for residential purposes, which leaves room for a home. The plot abuts roads on two of its sides, giving it direct road access.
