Description
Authentic Cypriot village life sets the tone for this residential field for sale in Astromeritis, Cyprus, a community in the Nicosia countryside with a strong local identity and a slower pace. Schools, cafés, restaurants, shops and the village centre are all a short drive away, and the neighbouring villages of Peristerona and Potami are close by too.

The land extends to a generous 2007 m², with a level surface and a neat rectangular shape that make it easy to picture how a home might sit here. Its residential zoning points to just that: a place to settle into everyday village rhythms, away from dense urban development. The field has no direct road access of its own.

For anyone drawn to the traditional charm of Astromeritis, this is a well-proportioned, uncomplicated piece of land in a setting that offers character and a closer connection to the authentic side of Cyprus.
