For Sale : **€ 141,000**

Description
Shops, cafés and restaurants within walking distance, and the rest of the city an easy drive away. This residential field in Agios Vasileios, Strovolos, sits in an established suburb with a genuine neighbourhood feel.

The land is flat and smooth, with an irregular outline and direct road access. Its residential zoning points naturally to a home, set within a settled part of the municipality rather than out on the edge of town.

Daily life here is uncomplicated. Schools, medical centres and pharmacies, parks and green spaces are all a short drive away, as are public service offices and the Costas Papaellinas Arena. Main roads are within walking distance, and motorway junctions are close by for trips across Nicosia and beyond.

This sale is for a one-sixth share of the field.

A generous stretch of flat residential land in a part of Strovolos where everyday essentials are already close at hand.
