For Sale : **€ 125,000**

Description
Set within the established suburb of Latsia, this residential field in Agios Georgios offers level ground in a neighbourhood where everyday life is easy. Schools, supermarkets, cafés, pharmacies and parks are all a short drive away, and so are sports venues and public service offices.

The land is rectangular with smooth, level topography, an uncomplicated shape that makes planning a home here straightforward. It has direct road access, and its residential zoning points clearly to a home in a setting with a real neighbourhood feel.

Connections are just as practical. The Nicosia–Limassol Motorway and its junctions are a short drive from Agios Georgios, which keeps the capital and the coast within easy reach, while the village of Dali sits close by. This sale is for a one-eighth share of the land.

Level ground, direct road access and the settled convenience of Latsia all around: an appealing balance of location and flexibility.
