For Sale : **€ 106,000**

Description
Space is the first thing that stands out here: a generous, level field for sale in Geri, on residential land within easy reach of everyday Nicosia life. The ground is even and neatly rectangular, an uncomplicated shape that is easy to picture as a future home with room to breathe around it.

The field has direct road access, and the setting is practical. Schools, supermarkets, cafés and restaurants are a short drive away, as are a medical centre, a park and the town centre. Neighbouring Latsia is close by for further shopping and services, and the motorway junctions are a drive away for straightforward trips across the district.

Geri offers a residential setting with its own village character while keeping the capital comfortably within reach. It is a place where a family home can feel settled and connected at the same time.

This sale is for a 21/96 share of the field. What remains is a flat, well-proportioned piece of residential land in Geri, with road access and the everyday conveniences of Nicosia close at hand.
