Description
In the village of Ergates, this residential field offers a generous 3596 m² of even ground in a setting where village homes meet open farmland. For anyone searching for a field in Ergates, Cyprus, it offers space and a relaxed rural character within the Nicosia district.

The land sits on residential zoning, so its general use is a home. Its level surface is a real advantage, while its irregular outline gives the plot a natural, unpretentious feel. The surrounding area mixes agricultural and residential use, keeping the outlook green and the pace unhurried.

Daily life stays simple. The village centre, schools, supermarkets, cafés and restaurants are all a short drive away, as are parks and the neighbouring village of Anageia. Bus stations, sports venues, a medical centre and the motorway are a little further on, so the wider district stays within comfortable reach.

Here is the authentic side of Cyprus: generous, level land with a slower pace and a close-knit community all around.
