For Sale : **€ 25,000**

Description
Surrounded by a beautiful natural landscape, this residential field near Peristerona offers a setting with a strong local identity and a closer connection to nature. It is a piece of land where you can picture a home taking shape among the open countryside of the Nicosia district.

The field covers a generous 3011 m², with a neat rectangular shape and an even surface. Those are honest, practical qualities that make the land easy to read and easy to plan around. Its residential zoning points clearly to a family home in authentic village surroundings.

Daily life stays within easy reach. The village centre, schools, supermarkets, cafés and restaurants are a short drive away, and so is neighbouring Astromeritis. Medical centres, parks and the green slopes of Lefkovounos are a drive away, and the motorway links you to the wider island.

This sale is for a half share of the land. Peristerona offers traditional village charm and a slower pace of life, and this generous, well-shaped field lets you enjoy both within a landscape that speaks for itself.
