Description
Set in the open countryside of Arediou, this agricultural field covers 8027 m² of farming land in the Nicosia district. The ground is sloping and irregular in shape, and its agricultural zoning makes it a versatile piece of land for cultivation or planting.

The field sits in a landscape-led setting away from dense urban development, in the rural area around Agios Ioannis and Agioi Trimithias, with the Arediou village centre and petrol stations nearby. It has no direct road access. A sizeable, uncomplicated stretch of agricultural land in rural Nicosia.
