For Sale : **€ 90,000**

Description
Open countryside and a quiet, purely residential neighbourhood set the tone for this field in Analiontas, a Nicosia District village surrounded by a beautiful natural environment. Here the pace of life slows, yet everyday needs stay within easy reach.

The land extends to a generous 5017 m² and has a regular shape, giving plenty of room to picture a family home with real space around it. The surface is uneven. Its residential zoning points clearly to a home in a village setting, away from dense urban development.

Schools, supermarkets, cafés and restaurants are a short drive away, as are the neighbouring villages of Kataliontas and Kampia. Main roads and the motorway are a drive away, keeping the wider Nicosia area within comfortable reach for work and errands.

For slower days, Tamasos Lake is close by, one of the natural spots that give this area its character. Quieter surroundings, authentic village life and a generous piece of residential land together make this corner of Analiontas a setting with a closer connection to nature.
