

For Sale, Land, Field, Larnaca, Ormideia, 6,710m²

Village life with the coast of the Larnaca district never fa...

For Sale : **€ 4,500**

Description
Village life with the coast of the Larnaca district never far away: this field in Ormideia sits within a residential setting, with everyday essentials a short drive from the land. Supermarkets, shops, cafés, restaurants and schools are all within easy reach, as are the village centre and neighbouring Xylotymbou.

The land has a level surface and direct road access, which makes it simple to reach and practical to plan around. Its residential zoning points to a home in authentic village surroundings, with a slower pace and a close-knit community on the doorstep.

When you need to head further afield, main roads and the Larnaca–Ayia Napa motorway are a drive away, linking Ormideia with the wider district and its coastline. Parks and green spaces, petrol stations and bus stations are also within reach.

This sale is for a one-fortieth share of the field. It is an uncomplicated stake in residential land, rooted in traditional village charm with the convenience of the motorway close at hand.
