For Sale : **€ 90,000**

Description
In Dali's Panagia Evangelistria quarter, this residential field is on the market in a settled suburb with a real neighbourhood feel. Schools, the town centre, cafés and restaurants are all a short drive away, and Chalkanoras Stadium is within walking distance. The ancient site of Idalion is also close by, a reminder of how far back life in this corner of Cyprus goes.

The land is zoned for residential use, so it is a place to picture a home of your own. It has direct road access. Its sloping lie and irregular outline invite a design that works with the ground rather than against it.

Getting around is simple. The Nicosia–Larnaca and Nicosia–Limassol motorways are a short drive away, so the capital and the coast stay within easy reach while home stays in a calmer setting. Petrol stations and everyday services are close at hand too.

This sale is for a half share of the field. Residential land with road access, in a town that keeps its daily needs close and its history closer, offers an appealing balance of location, function and flexibility.
