Description
This field on the market in Arediou, Cyprus, offers 9,700 m² of agricultural land in an open countryside setting in the Nicosia district. The ground is irregular in shape and sloping, and its agricultural zoning suits farming or planting.

The neighbouring villages of Agios Ioannis, Paliometocho and Agioi Trimithias are a short drive away, as are the main roads. Petrol stations, motorway junctions and the motorways linking Nicosia with the wider region can also be reached by car. This is a generous, versatile piece of farmland with plenty of room to work.
