Description
Set among the open countryside outside Mitsero, this field covers 7,860 m² of sloping ground in natural surroundings, away from dense urban development. Its rectangular shape gives it a simple, well-proportioned layout, and the land has road access.

The village centre is a short drive away, as are the neighbouring villages of Agrokipia and Agios Epifanios Oreinis. A petrol station and the main roads are a drive away, with the motorway network further out in the wider region. It is a straightforward, sizeable piece of the Cypriot countryside on sloping ground.
