Description
Set in a purely residential neighbourhood of Latsia, this Cyprus field in Agios Georgios offers 1,134 m² of level, rectangular land with homes all around it. The surroundings are attractive and settled, an established suburb with a real neighbourhood feel, and residential zoning points to its natural use as the setting for a home.

Daily life here is uncomplicated. Supermarkets, shops, cafés and restaurants are within walking distance, along with a park for evening strolls. Schools, a medical centre, sports venues and public service offices are a short drive away, and so are Strovolos and Nicosia General Hospital. For weekends outdoors, Athalassa Lake is close by, with its green trails and open space.

Getting around is just as easy. The motorway junctions are a short drive away, so both the capital and the road to Limassol feel within reach.

The even surface and tidy shape make the land simple to picture as a family home. Above all, it offers a well-proportioned piece of residential land in Agios Georgios, where everyday convenience sits right on the doorstep.
