Description
A level field in Peristerona, covering 6689 m² of open countryside in the Nicosia district. The land is rectangular and flat, a practical, well-proportioned shape that is simple to work and plan around. It lies in an area set aside for livestock farming, where facilities for rearing animals and poultry are permitted. The plot has no direct road access of its own.

The villages of Potami and Orounta are a short drive away, as are the Peristerona village centre and petrol stations, and the motorway network is within a reasonable drive. This is a flat, uncomplicated field in a working rural setting.
