Description
Picture a home of your own in Kapedes, with the village cafés and restaurants within walking distance and open countryside on the doorstep. This Cyprus field for sale in Kapedes offers a generous 2,899 m² of residential land, a short stroll from the heart of the community and rooted in authentic Cypriot village life.

The land has an irregular shape and a gently sloping surface, with part of it lying lower than the road. A stream runs through one part of the plot, adding a natural touch to the setting. It has direct road access, and its residential zoning makes it a natural place to plan a family home.

The wider area keeps you close to nature. Tamasos Lake, green spaces and the neighbouring villages of Kampia, Politiko and Filani are all a short drive away. Schools, supermarkets, petrol stations and everyday services are within easy reach by car, and the Limassol–Nicosia Motorway links you to the rest of the island.

Space to build, a landscape-led setting away from dense development, and village life just a short walk away.
