

For Sale, Land, Field, Nicosia, Dali, 6,450m²

On the edge of Dali's suburban area, this residential field...

For Sale : **€ 65,000**

Description
On the edge of Dali's suburban area, this residential field in Panagia Evangelistria sits within easy reach of everything that makes daily life simple. Schools, supermarkets, cafés and the town centre are all a short drive away, and the main roads and motorway junctions are close at hand for the run into Nicosia.

The ground is level and generous, with direct road access, and its residential zoning points naturally towards a home in an established, well-connected neighbourhood. Neighbouring Nisou and Pera Chorio are only minutes away, as is Chalkanoras Stadium, giving the area a lively, practical rhythm without losing its local feel.

It is an uncomplicated proposition: land in a part of Dali where families already live, shop and send their children to school, with Nicosia never far off. This sale is for a one-eighth share of the land.

Level residential land with direct road access, in a settled suburb where the motorway, the shops and the town centre all sit within a short drive.
