Description
Authentic Cypriot village life sets the tone for this residential plot in Mitsero. It is a compact piece of buildable land within easy reach of the village centre and the local primary school, in a community where everyday life stays simple and close to home.

The land has a regular shape and a sloping surface, with 294 m² zoned for residential use. That gives you a sensible footprint for planning a home of your own, and direct road access adds to its practicality.

Beyond the village, the landscape opens up. Mitsero Mines Lake and the countryside around Klirou are a short drive away, as are neighbouring Agrokipia and Agioi Iliofotoi. Restaurants, cafés, schools and shops are all close at hand, and main roads and the motorway are a drive away for trips further across the Nicosia district.

This is an uncomplicated plot with a closer connection to nature and village life right on its doorstep.
