For Sale : **€ 40,000**

Description
Shops, cafés, pharmacies and the bustle of Nicosia are all within walking distance of this residential plot for sale in Agios Georgios, Agios Dometios. It sits in an established suburb with a neighbourhood feel, where daily errands take minutes rather than an afternoon.

The land covers 784 m², with a regular rectangular shape, a level surface and direct road access. Its residential zoning points to a home, with room to plan the layout, materials and finish from the outset. An old building with no economic value currently stands on the land.

Beyond the immediate streets, schools, parks and sports venues are a short drive away, as is the historic Imprisoned Graves. Bus links and motorway junctions keep the rest of Nicosia and Strovolos within easy reach. Agios Dometios offers the rare comfort of suburban living with the city practically on the doorstep.

This sale is for a one-quarter share of the plot. It is an uncomplicated piece of residential land in a setting where everything you need each day is close at hand.
